express it in fb

The people who commit suicide is too young

How about his parent and family?

Sad, it could have been prevented

sad

I think that the commit suicide is a stupid action, you should appreciate your life, what your parents had given to you.

Suicide, if can die, make people surround you sad for weeksweeks If cannot die, make you and people suffer forever

Not worthy

Consolation for the victim's family inside the heart.

Dude, why u so dumb bruh

Think of other people
